

## LUNE - Half Moon Travertine Wall Sconce

### Description

LUNE. Elegant and elemental, bringing a grounded, sculptural presence to any space. Carved from natural travertine stone and shaped into a soft half-moon silhouette, this wall sconce balances raw texture with refined form. It's warm LED light source emits a subtle glow, casting gentle arcs of light that enhance the organic beauty of the stone.

Whether styled solo or clustered, LUNE is designed to create a calming, ambient atmosphere, perfect for entryways, bedrooms, or living spaces seeking a touch of quiet sophistication.
