LUZO - Travertine & Glass Wall Sconce

Description

Inspired by the timeless appeal of our beloved LUMA wall light, LUZO reimagines the original design with an added layer of depth, texture and illumination.

Crafted from natural travertine and paired with a beautifully textured glass dish, LUZO transforms light into a soft, ambient glow. While retaining the sculptural simplicity that made LUMA a favourite, this evolved design introduces an illuminated glass feature that gently diffuses light throughout the space, creating a warm and inviting atmosphere.

The combination of durable natural stone, artisan-inspired glass and refined brass detailing offers a sophisticated balance of organic materials and contemporary design. Emitting a warm 3000K light, LUZO is perfectly suited to bathrooms, bedrooms, hallways and living spaces where comfort and atmosphere are key.

Designed as both a functional light source and a decorative statement piece, LUZO brings warmth, texture and understated elegance to modern interiors.

Features:
• Natural travertine stone construction with Illuminated textured glass dish
• Size: 180mm
• 5W Warm 3000K LED light
• Soft ambient illumination
• Suitable for bathrooms, bedrooms and interior living spaces
• Contemporary organic design with brass detail

A balance of texture, warmth and timeless design, [Product Name] brings a sense of quiet luxury to any interior.
